

M1 CLASS WEIGHT BOX (1mg to 200g)

Product Code: VCI-M1-1MT200G

M1 Class Weights from V-CARE IMPEX are robust and accurate weights designed for calibration and verification of industrial and commercial weighing instruments.

Made from premium-grade stainless steel, these weights provide durability and corrosion

resistance under routine calibration use.

M1 weights comply with OIML R111 standards and are ideal for testing precision balances, industrial scales, and field calibration kits.

- Technical Specifications:
- Capacity Range: 1mg to 200g
- Material: Austenitic Stainless Steel (Non-Magnetic)
- Density: 7.9 g/cm³
- Accuracy Class: M1 (As per OIML R111)
- Construction: Solid weights (1g to 200g), Wire weights (below 1g)
- Finish: Smooth polish with corrosion-resistant coating
- Box Type: Premium Wooden Case with Forceps & Gloves
- Optional: NABL Calibration Certificate Available
